EDUCATION

UPN "Veteran" East Java
Faculty of Computer Science Informatics
GPA: 3.91

Surabaya, East Java
2021 - 2025

SMKN 26 Jakarta
Degree in Power Electronics and Communications

East Jakarta, DKI Jakarta
2017 - 2021

EXPERIENCE

DBS Foundation | Machine Learning Engineer

Internship | Feb 2025 - July 2025

- Built and trained ML models using Python and TensorFlow.
- Processed and visualized data for model development.
- Applied machine learning and deep learning techniques to solve real-world problems.

Codepolitan | Full Stack Web Developer

Bootcamp | Sep 2024 - Dec 2024

- Completed Alibaba Cloud Certification in collaboration with KodeBisat.
- Developed RESTful APIs using Node.js and Express.js.
- Built responsive frontend interfaces with Vue.js.
- Managed and maintained databases using MongoDB.

Ruang Guru Academy | Back End Developer

Internship | Feb 2024 - Aug 2024

- Developed RESTful APIs using Golang.
- Implemented applications integrated with machine learning models.
- Managed and optimized databases using PostgreSQL.

PT Tradeasia International Indonesia | SEO Specialist

Internship | Jan 2024 - Apr 2024

- Identified relevant keywords to improve website ranking and SEO performance.
- Optimized website content and structure for chemtradeasia.lk and formic-acid.com using targeted keywords and quality backlinks.
- Monitored website analytics including keyword rankings, organic traffic, and performance metrics to identify opportunities for improvement.

PROJECTS / OPEN-SOURCE

IoTNet | Link

TypeScript, Vue, Go, Shell, C++, Docker

- Built a scalable device management system allowing multiple boards within a single physical device, supporting OTA-ready infrastructure.
- Developed real-time analytics with live visualizations and actionable insights for device performance monitoring.
- Delivered secure firmware updates using encryption and blockchain-backed integrity verification.
- Designed customizable dashboards for flexible, user-defined control and monitoring interfaces.

CERTIFICATIONS

- Alibaba Cloud Certification Professional (ACP) - **Alibaba Cloud**
- Google IT Support Professional Certificate - **Coursera**
- Google Cloud Architect - **Dicoding**

HONORS & AWARDS

- Best Innovation of Sebelas Maret International IoT Challenges 2022
- Awarded 1st Place in the National IoT-AI Joint Workshop and Competition.
- Awarded 2nd Place in the National Veteran IoT Competition
